Profile

Legal professional turned tech enthusiast. With a background in law, including LLB and LLM degrees, I've recently completed a Full Stack Software Development Bootcamp with the University of Minnesota. This immersive experience has equipped me with the latest technical skills, from programming languages to web development frameworks.

Driven by a passion for innovation, I bring a unique blend of diverse expertise and tech prowess to the table. I thrive in collaborative environments, where I leverage my analytical skills and creativity to craft impactful solutions.

Skills

HTML, CSS, JS	Bootstrap & Bulma	RestAPI & GraphQL	React & Redux
Jest & RTL	ExpressJS	MySQL & Sequelize	NodeJS
PWA	Render, Heroku & Netlify	Postman & Insomnia	MongoDB & mongoose
